## **UNDERSTANDING AND MANAGING NUMBERS IS A NONSTOP RESPONSIBILITY**

for us at the Uniform Retirement System for Justices and Judges (URSJJ). We work tirelessly with this information each day to ensure the long-term financial health of your retirement system. Contributions, investment returns, service and salary information, and actuarial data are just a handful of the numbers, statistics, and variables we use to keep our promises to you.

Through prudent management and effective decision-making by our legislature and the Board of Trustees, these numbers illustrate the tremendous growth of our system. Over the last twenty years, membership for the URSJJ has increased 32% from just over 400 members to 546 total members. Over the same period of time, the average monthly retirement benefit has more than doubled from \$2,270 in 1998 to \$5,435 in 2016.

Numbers tell a fascinating story. This year's Comprehensive Annual Financial Report is dedicated to telling a visual story of our retirement system and membership "By the Numbers."

**This report was prepared by the staff of the Uniform Retirement System for Justices and Judges.**
