STATE OF OKLAHOMA GENERAL TERMS

This State of Oklahoma General Terms ("General Terms") is a contract document in connection with the contract awarded by the State of Oklahoma by and through the Office of Management and Enterprise Services.

In addition to other terms contained in an applicable contract document, supplier and state agree to the following General Terms:

1 Scope and Contract Renewal

- 1.1** Supplier may not add products or services to its offerings under the contract without the state's prior written approval. Such request may require a competitive bid of the additional products or services. If the need arises for goods or services outside the scope of the contract, supplier shall contact the state.
- 1.2** At no time during the performance of the contract shall the supplier have the authority to obligate any customer for payment for any products or services (a) when a corresponding encumbering document is not signed or (b) over and above an awarded contract amount. Likewise, supplier is not entitled to compensation for a product or service provided by or on behalf of supplier that is neither requested nor accepted as satisfactory.
- 1.3** If applicable, prior to any contract renewal, the state shall subjectively consider the value of the contract to the state, the supplier's performance under the contract, and shall review certain other factors, including but not limited to the: a) terms and conditions of contract documents to determine validity with current state and other applicable statutes and rules; b) current pricing and discounts offered by supplier; and c) current products, services and support offered by supplier. If the state determines changes to the contract are required as a condition precedent to renewal, the state and supplier will cooperate in good faith to evidence such required changes in an amendment. Further, supplier may request a price increase no more than once per contract year by submitting a request to OMES Central Purchasing (CP) at least 30 days prior to the end of the then current term. OMES CP will take requests to increase price into account up to but not exceeding the [U.S. Bureau of Labor Statistics Consumer Price Index \(CPI\)](#) percentage change rates for the current calendar year in which the price increase request is made. OMES reserves the right to refuse such price increases at our sole discretion. A price increase will not be effective until approved in writing by the category manager.
- 1.4** The state may extend the contract for 90 days beyond a final renewal term at the contract compensation rate for the extended period. If the state exercises such option to extend 90 days, the state shall notify the supplier in writing prior to contract end date. The state, at its sole option and to the extent allowable by law, may choose to exercise subsequent 90-day extensions at the contract pricing rate, to facilitate the finalization of related terms and conditions of a new award or as needed for transition to a new supplier.
- 1.5** Supplier understands that supplier registration expires annually and, pursuant to OAC 260:115-3-3, supplier shall maintain its supplier registration with the state as a precondition to renewal of the contract.

2 Contract Effectiveness and Order of Priority

- 2.1** Unless specifically agreed in writing otherwise, the contract is effective upon the date last signed by the parties. Supplier shall not commence work, commit funds, incur costs, or in any way act to obligate the state until the contract is effective.
- 2.2** Contract documents shall be read to be consistent and complementary. Any conflict among the contract documents shall be resolved by giving priority to contract documents in the following order of precedence:
 - A.** Any amendment.

- B. Terms contained in this contract document.
- C. Any contract-specific state terms that include, without limitation, information technology terms and terms specific to a statewide contract or a state agency contract.
- D. Any applicable solicitation.
- E. Any successful bid as may be amended through negotiation and to the extent the bid does not otherwise conflict with the solicitation or applicable law.
- F. Any statement of work, work order or other mutually agreed contract documents.

2.3 If there is a conflict between the terms contained in this contract document or in contract-specific terms and an agreement provided by or on behalf of supplier including but not limited to linked or supplemental documents which alter or diminish the rights of customer or the state, the conflicting terms provided by supplier shall not take priority over this contract document or acquisition-specific terms. In no event will any linked document alter or override such referenced terms except as specifically agreed in an amendment.

2.4 Any contract document shall be legibly written in ink or typed. All contract transactions, and any contract document related thereto, may be conducted by electronic means pursuant to the Oklahoma Uniform Electronic Transactions Act.

3 Modification of contract Terms and contract documents

3.1 The contract may only be modified, amended, or expanded by an amendment. Any change to the contract, including the addition of work or materials, the revision of payment terms, or the substitution of work or materials made unilaterally by the supplier, is a material breach of the contract. Unless otherwise specified by applicable law or rules, such changes, including without limitation, any unauthorized written contract modification, shall be void and without effect and the supplier shall not be entitled to any claim under the contract based on those changes. No oral statement of any person shall modify or otherwise affect the terms, conditions, or specifications stated in the contract.

3.2 Any additional terms on an ordering document provided by supplier are of no effect and are void unless mutually executed. OMES bears no liability for performance, payment or failure thereof by the supplier or by a customer other than OMES in connection with an acquisition.

3.3 Except for information deemed confidential by the state pursuant to applicable law, rule, regulation, or policy, the parties agree contract terms and information are not confidential and are disclosable without further approval of or notice to supplier.

3.4 Unless mutually agreed to in writing by the State of Oklahoma by and through the Office of Management and Enterprise Services, no contract document or other terms and conditions or clauses, including via a hyperlink or uniform resource locator, shall supersede or conflict with the terms of this contract or expand the state's or customer's liability or reduce the rights of customer or the state. If supplier is acting as a reseller, any third-party terms provided are also subject to the foregoing.

3.5 To the extent any term or condition in any contract document, including via a hyperlink or uniform resource locator, conflicts with an applicable Oklahoma and/or United states law or regulation, such term or condition is void and unenforceable. By executing any contract document which contains a conflicting term or condition, the state or customer makes no representation or warranty regarding the enforceability of such term or condition and the state or customer does not waive the applicable Oklahoma and/or United states law or regulation which conflicts with the term or condition.

As part of the approval request, the supplier shall provide a copy of a written agreement executed by the supplier and subcontractor setting forth that such subcontractor is bound by and agrees, as applicable, to perform the same covenants and be subject to the same conditions and make identical certifications to the same facts and criteria, as the supplier under the terms of all applicable contract documents. Supplier agrees that maintaining such agreement with any subcontractor and obtaining prior written approval by the state of any subcontractor and associated employees shall be a continuing obligation. The state further reserves the right to revoke approval of a subcontractor or an employee thereof in instances of poor performance, misconduct or for other similar reasons.

13.4 All payments under the contract shall be made directly to the supplier, except as provided in 13.1 above regarding the supplier's assignment of payment. No payment shall be made to the supplier for performance by unapproved or disapproved employees of the supplier or a subcontractor.

13.5 Rights and obligations of the state or a customer under the terms of this contract may be assigned or transferred, at no additional cost, to other customer entities.

14 Background Checks and Criminal History Investigations

Prior to the commencement of any services, background checks and criminal history investigations of the supplier's employees and subcontractors who will be providing services may be required and, if so, the required information shall be provided to the state in a timely manner. Supplier's access to facilities, data and information may be withheld prior to completion of background verification acceptable to the state. The costs of additional background checks beyond supplier's normal hiring practices shall be the responsibility of the customer unless such additional background checks are required solely because supplier will not provide results of its otherwise acceptable normal background checks; in such an instance, supplier shall pay for the additional background checks. Supplier will coordinate with the state and its employees to complete the necessary background checks and criminal history investigations. Should any employee or subcontractor of the supplier who will be providing services under the contract not be acceptable as a result of the background check or criminal history investigation, the customer may require replacement of the employee or subcontractor in question and, if no suitable replacement is made within a reasonable time, terminate the purchase order or other payment mechanism associated with the project or service.

15 Patents and Copyrights

Without exception, a product or deliverable price shall include all royalties or costs owed by the supplier to any third party arising from the use of a patent, intellectual property, copyright or other property right held by such third party. Should any third party threaten or make a claim that any portion of a product or service provided by

supplier under the contract infringes that party's patent, intellectual property, copyright or other property right, supplier shall enable each affected customer to legally continue to use, or modify for use, the portion of the product or service at issue or replace such potentially infringing product, or reperform or redeliver in the case of a service, with at least a functional noninfringing equivalent. Supplier's duty under this section shall extend to include any other product or service rendered materially unusable as intended due to replacement or modification of the product or service at issue. If the supplier determines that none of these alternatives are reasonably available, the state shall return such portion of the product or deliverable at issue to the supplier, upon written request, in exchange for a refund of the price paid for such returned goods as well as a refund or reimbursement, if applicable, of the cost of any other product or deliverable rendered materially unusable as intended due to removal of the portion of product or deliverable at issue. Any remedy provided under this section is not an exclusive remedy and is not intended to operate as a waiver of legal or equitable remedies because of acceptance of relief provided by supplier.

16 Indemnification

16.1 State Shall Not Indemnify

The State of Oklahoma cannot lawfully agree to indemnify a private contractor. The credit of the state shall not be given, pledged or loaned to any individual, company, corporation, association, municipality or political subdivision of the state pursuant to Okla. Const. art. 10, § 15, OAC 260:115-7-32(k)(3)(A) and Attorney General Opinion 2012-18.

16.2 Acts or Omissions

- A.** Supplier shall defend and indemnify the indemnified parties, as applicable, for any and all liability, claims, damages, losses, costs, expenses, demands, suits and actions of third parties (including without limitation reasonable attorneys' fees and costs required to establish the right to indemnification) arising out of or resulting from any action or claim for bodily injury, death or property damage brought against any of the Indemnified parties to the extent arising from any negligent act or omission or willful misconduct of the supplier or its agents, employees, or subcontractors in the execution or performance of the contract.
- B.** To the extent supplier is found liable for loss, damage or destruction of any property of customer due to negligence, misconduct, wrongful act or omission on the part of the supplier, its employees, agents, representatives or subcontractors, the supplier and customer shall use best efforts to mutually negotiate an equitable settlement amount to repair or replace the property unless such loss, damage or destruction is of such a magnitude that repair or replacement is not a reasonable option. Such amount shall be invoiced to and is payable by supplier 60 days after the date of supplier's receipt of an invoice for the negotiated settlement amount.

16.3 Infringement

Supplier shall indemnify the indemnified parties, as applicable, for all liability, claims, damages, losses, costs, expenses, demands, suits and actions of third parties (including without limitation reasonable attorneys' fees and costs required to establish the right to indemnification) arising from or in connection with supplier's breach of its representations and warranties in the contract or alleged infringement of any patent, intellectual property, copyright or other property right in connection with a product or service provided under the contract. Supplier's duty under this section is reduced to the extent a claimed infringement results from: (a) customer's or user's content; (b) modifications by customer or third party to a product delivered under the contract or combinations of the product with any nonsupplier-provided services or products unless supplier recommended or participated in such modification or combination; (c) use of a product or service by customer in violation of the contract unless done so at the direction of supplier, or (d) nonsupplier product that has not been provided to the state by, through or on behalf of supplier as opposed to its combination with products supplier provides to or develops for the state or customer as a system.

16.4 Notice and Cooperation

In connection with indemnification obligations under the contract, the parties agree to furnish prompt written notice to each other of any third-party claim. Any customer affected by the claim will reasonably cooperate with supplier and defense of the claim to the extent its interests are aligned with supplier. Supplier shall use counsel reasonably experienced in the subject matter at issue and will not settle a claim without the written consent of the party being defended, which consent will not be unreasonably withheld or delayed, except that no consent will be required to settle a claim against indemnified parties that are not a state agency, where relief against the indemnified parties is limited to monetary damages that are paid by the defending party under indemnification provisions of the contract.

16.5 Coordination of Defense

In connection with indemnification obligations under the contract, when a state agency is a named defendant in any filed or threatened lawsuit, the defense of the state agency shall be coordinated by the attorney general of Oklahoma, or the attorney general may authorize the supplier to control the defense and any related settlement negotiations; provided, however, supplier shall not agree to any settlement of claims against the state without obtaining advance written concurrence from the attorney general. If the attorney general does not authorize sole control of the defense and settlement negotiations to supplier, supplier shall have authorization to equally participate in any proceeding related to the indemnity obligation under the contract and shall remain responsible to indemnify the applicable indemnified parties.

16.6 Limitation of Liability

- A.** With respect to any claim or cause of action arising under or related to the contract, neither the state nor any customer shall be liable to supplier for lost profits, lost sales or business expenditures, investments or commitments in connection with any business, loss of any goodwill, or for any other indirect, incidental, punitive, special or consequential damages, even if advised of the possibility of such damages.
- B.** Notwithstanding anything to the contrary in the contract, no provision shall limit damages, expenses, costs, actions, claims and liabilities arising from or related to property damage, bodily injury or death caused by supplier or its employees, agents or subcontractors; indemnity, security or confidentiality obligations under the contract; the bad faith, negligence, intentional misconduct or other acts for which applicable law does not allow exemption from liability of supplier or its employees, agents or subcontractors.
- C.** The limitation of liability and disclaimers set forth in the contract will apply regardless of whether customer has accepted a product or service. The parties agree that supplier has set its fees and entered into the contract in reliance on the disclaimers and limitations set forth herein, that the same reflect an allocation of risk between the parties and form an essential basis of the bargain between the parties. These limitations shall apply notwithstanding any failure of essential purpose of any limited remedy.

17 Termination for Funding Insufficiency

17.1 Notwithstanding anything to the contrary in any contract document, the state may terminate the contract in whole or in part if funds sufficient to pay obligations under the contract are not appropriated or received from an intended third-party funding source. In the event of such insufficiency, supplier will be provided at least 15-day written notice of termination. Any partial termination of the contract under this section shall not be construed as a waiver of, and shall not affect, the rights and obligations of any party regarding portions of the contract that are not terminated. The determination by the state of insufficient funding shall be accepted by, and shall be final and binding on, the supplier.

17.2 Upon receipt of notice of a termination, supplier shall immediately comply with the notice terms and take all necessary steps to minimize the incurrence of costs allocable to the work affected by the notice. If a purchase order or other payment mechanism has been issued and a product or service has been

accepted as satisfactory prior to the effective date of termination, the termination does not relieve an obligation to pay for the product or service but there shall not be any liability for further payments ordinarily due under the contract or for any damages or other amounts caused by or associated with such termination. Any amount paid to supplier in the form of prepaid fees that are unused when the contract or certain obligations are terminated shall be refunded.

17.3 The state's exercise of its right to terminate the contract under this section shall not be considered a default or breach under the contract or relieve the supplier of any liability for claims arising under the contract.

18 Termination for Cause

18.1 Supplier may terminate the contract if (i) it has provided the state with written notice of material breach, and (ii) the state fails to cure such material breach within 30 days of receipt of written notice. If there is more than one customer, material breach by a customer does not give rise to a claim of material breach as grounds for termination by supplier of the contract as a whole. The state may terminate the contract in whole or in part if (i) it has provided supplier with written notice of material breach, and (ii) supplier fails to cure such material breach within 30 days of receipt of written notice. Any partial termination of the contract under this section shall not be construed as a waiver of, and shall not affect, the rights and obligations of any party regarding portions of the contract that are not terminated.

18.2 The state may terminate the contract in whole or in part immediately without a 30-day written notice to supplier if (i) supplier fails to comply with confidentiality, privacy, security, environmental or safety requirements applicable to supplier's performance or obligations under the contract; (ii) supplier's material breach is reasonably determined to be an impediment to the function of the state and detrimental to the state or to cause a condition precluding the 30-day notice; or (iii) when the state determines that an administrative error in connection with award of the contract occurred prior to contract performance.

18.3 The state may terminate the contract if the scope includes public relations (PR) vendor services and the supplier, or supplier's employee, violate the lobbying clause. PR vendor services is defined to include a contract for public relations, marketing or communication services. The state may immediately terminate the contract with no more than a 10-day notice under this section.

18.4 Upon receipt of notice of a termination, supplier shall immediately comply with the notice terms and take all necessary steps to minimize the incurrence of costs allocable to the work affected by the notice. If a purchase order or other payment mechanism has been issued and a product or service has been accepted as satisfactory prior to the effective date of termination, the termination does not relieve an obligation to pay for the product or service but there shall not be any liability for further payments ordinarily due under the contract or for any damages or other amounts caused by or associated with such termination. Such termination is not an exclusive remedy but is in addition to any other rights and remedies provided for by law. Any amount paid to supplier in the form of prepaid fees that are unused when the contract or certain obligations are terminated shall be refunded. Termination of the contract under this section, in whole or in part, shall not relieve the supplier of liability for claims arising under the contract.

18.5 The supplier's repeated failure to provide an acceptable product or service; supplier's unilateral revision of linked or supplemental terms that have a materially adverse impact on a customer's rights or obligations under the contract (except as required by a governmental authority); actual or anticipated failure of supplier to perform its obligations under the contract; supplier's inability to pay its debts when due; assignment for the benefit of supplier's creditors; or voluntary or involuntary appointment of a receiver or filing of bankruptcy of supplier shall constitute a material breach of the supplier's obligations, which may result in partial or whole termination of the contract. This subsection is not intended as an exhaustive list of material breach conditions. Termination may also result from other instances of failure

to adhere to the contract provisions and for other reasons provided for by applicable law, rules or regulations; without limitation, OAC 260:115-9-1 is an example.

19 Termination for Convenience

19.1 The state may terminate the contract, in whole or in part, for convenience if it is determined that termination is in the state's best interest. In the event of a termination for convenience, supplier will be provided at least a 30-day written notice of termination. Any partial termination of the contract shall not be construed as a waiver of, and shall not affect, the rights and obligations of any party regarding portions of the contract that remain in effect.

19.2 Upon receipt of notice of such termination, supplier shall immediately comply with the notice terms and take all necessary steps to minimize the incurrence of costs allocable to the work affected by the notice. If a purchase order or other payment mechanism has been issued and a product or service has been accepted as satisfactory nor to the effective date of termination, the termination does not relieve an obligation to pay for the product or service but there shall not be any liability for further payments ordinarily due under the contract or for any damages or other amounts caused by or associated with such termination. Such termination shall not be an exclusive remedy but shall be in addition to any other rights and remedies provided for by law. Any amount paid to supplier in the form of prepaid fees that are unused when the contract or certain obligations are terminated shall be refunded. Termination of the contract under this section, in whole or in part, shall not relieve the supplier of liability for claims arising under the contract.

20 Suspension of Supplier

20.1 Supplier may be subject to suspension without advance notice and may additionally be suspended from activities under the contract if supplier fails to comply with confidentiality, privacy, security, environmental or safety requirements applicable to supplier's performance or obligations under the contract.

20.2 Upon receipt of a notice pursuant to this section, supplier shall immediately comply with the notice terms and take all necessary steps to minimize the incurrence of costs allocable to the work affected by the notice. If a purchase order or other payment mechanism has been issued and a product or service has been accepted as satisfactory prior to receipt of notice by supplier, the suspension does not relieve an obligation to pay for the product or service, but there shall not be any liability for further payments ordinarily due under the contract during a period of suspension or suspended activity or for any damages or other amounts caused by or associated with such suspension or suspended activity. A right exercised under this section shall not be an exclusive remedy but shall be in addition to any other rights and remedies provided for by law. Any amount paid to supplier in the form of prepaid fees attributable to a period of suspension or suspended activity shall be refunded.

20.3 Such suspension may be removed, or suspended activity may resume, at the earlier of such time as a formal notice is issued that authorizes the resumption of performance under the contract or at such time as a purchase order or other appropriate encumbrance document is issued. This subsection is not intended to operate as an affirmative statement that such a resumption will occur.

21 Certification Regarding Debarment, Suspension, and Other Responsibility Matters

The certification made by supplier with respect to debarment, suspension, certain indictments, convictions, civil judgments and terminated public contracts is a material representation of fact upon which reliance was placed when entering into the contract. A determination that supplier knowingly rendered an erroneous certification, in addition to other available remedies, may result in whole or partial termination of the contract for supplier's default. Additionally, supplier shall promptly provide written notice to the state purchasing director if the certification becomes erroneous due to changed circumstances.

22 Certification Regarding state Employees Prohibition From Fulfilling Services

Pursuant to 74 O.S. § 85.42, the supplier certifies that no person involved in any manner in the development, approval or negotiation of the contract, including change orders, extensions, renewals or amendments, while

employed by the state shall be employed or given anything of value to fulfill any services provided under the contract.

23 Force Majeure

- 23.1** Either party shall be temporarily excused from performance to the extent delayed as a result of unforeseen causes beyond its reasonable control including fire or other similar casualty, act of God, strike or labor dispute, war or other violence, or any law, order or requirement of any governmental agency or authority provided the party experiencing the force majeure event has prudently and promptly acted to take any and all steps within the party's control to ensure continued performance and to shorten duration of the event. If a party's performance of its obligations is materially hindered as a result of a force majeure event, such party shall promptly notify the other party of its best reasonable assessment of the nature and duration of the force majeure event and steps it is taking, and plans to take, to mitigate the effects of the force majeure event. The party shall use commercially reasonable best efforts to continue performance to the extent possible during such event and resume full performance as soon as reasonably practicable.
- 23.2** Subject to the conditions set forth above, nonperformance as a result of a force majeure event shall not be deemed a default. However, a purchase order or other payment mechanism may be terminated if supplier cannot cause delivery of a product or service in a timely manner to meet the business needs of customer. Supplier is not entitled to payment for products or services not received; therefore, amounts payable to supplier during the force majeure event shall be equitably adjusted downward.
- 23.3** Notwithstanding the foregoing or any other provision in the contract, (i) the following are not a force majeure event under the contract: (a) shutdowns, disruptions or malfunctions in supplier's system or any of supplier's telecommunication or internet services other than as a result of general and widespread internet or telecommunications failures that are not limited to supplier's systems or (b) the delay or failure of supplier or subcontractor personnel to perform any obligation of supplier hereunder unless such delay or failure to perform is itself by reason of a force majeure event; and (ii) no force majeure event modifies or excuses supplier's obligations related to confidentiality, indemnification, data security or breach notification obligations set forth herein.

24 Security of Property and Personnel

In connection with supplier's performance under the contract, supplier may have access to customer personnel, premises, data, records, equipment and other property. Supplier shall use commercially reasonable best efforts to preserve the safety and security of such personnel, premises, data, records, equipment and other property of customer.

Supplier shall be responsible for damage to such property to the extent such damage is caused by its employees or subcontractors and shall be responsible for loss of customer property in its possession, regardless of cause. If supplier fails to comply with customer's security requirements, supplier is subject to immediate suspension of work as well as termination of the associated purchase order or other payment mechanism.

25 Notices

All notices, approvals or requests allowed or required by the terms of any contract document shall be in writing, reference the contract with specificity and deemed delivered upon receipt or upon refusal of the intended party to accept receipt of the notice. In addition to other notice requirements in the contract and the designated supplier contact provided in a successful bid, notices shall be sent to the state at the physical address set forth below. Notice information may be updated in writing to the other party as necessary. Notwithstanding any other provision of the contract, confidentiality, breach and termination-related notices shall not be delivered solely via email.

If sent to the state:

OMES Central Purchasing, Attn: State Purchasing Director
2401 N. Lincoln Blvd., Oklahoma City, OK 73105

With a copy, which shall not constitute notice, to:

OMES Central Purchasing, Attn: Deputy General Counsel
2401 N. Lincoln Blvd., Oklahoma City, OK 73105

26 Miscellaneous

26.1 Choice of Law and Venue

Any claim, dispute, or litigation relating to the contract documents, in the singular or in the aggregate, shall be governed by the laws of the state without regard to application of choice of law principles. Pursuant to 74 O.S. § 85.7(F), where federal granted funds are involved, applicable federal laws, rules and regulations shall govern to the extent necessary to insure benefit of such federal funds to the state. Venue for any action, claim, dispute or litigation relating in any way to the contract documents, shall be in Oklahoma County, Oklahoma. The state expressly declines any terms that minimize its rights under Oklahoma law, including but not limited to, statutes of limitations.

26.2 Employment Relationship

The contract does not create an employment relationship. Individuals providing products or performing services pursuant to the contract are not employees of the state or customer and accordingly are not eligible for any rights or benefits whatsoever accruing to such employees.

26.3 Transition Services

If transition services are needed at the time of contract expiration or termination, supplier shall provide such services on a month-to-month basis, at the contract rate or other mutually agreed rate. Supplier shall provide a proposed transition plan, upon request, and cooperate with any successor supplier and with establishing a mutually agreeable transition plan. Failure to cooperate may be documented as poor performance of supplier.

26.4 Publicity

The existence of the contract or any acquisition is in no way an endorsement of supplier, the products or services and shall not be so construed by supplier in any advertising or publicity materials. Supplier agrees to submit to the state all advertising, sales, promotion and other publicity matters relating to the contract wherein the name of the state or any customer is mentioned or language used from which, in the state's judgment, an endorsement may be inferred or implied. Supplier further agrees not to publish or use such advertising, sales promotion or publicity matter or release any informational pamphlets, notices, press releases, research reports or similar public notices concerning the contract or any acquisition hereunder without obtaining prior written approval of the state.

26.5 Open Records Act

Supplier acknowledges that all state agencies and certain other customers are subject to the Oklahoma Open Records Act set forth at 51 O.S. § 24A-1 et seq. Supplier also acknowledges that compliance with the Oklahoma Open Records Act and all opinions of the Oklahoma Attorney General concerning the act is required. Nothing herein is intended to waive the state purchasing director's authority under OAC 260:115-3-9 in connection with bid information requested to be held confidential by a bidder. Notwithstanding the foregoing, supplier confidential information shall not include information that: (i) is or becomes generally known or available by public disclosure, commercial use or otherwise and is not in contravention of this contract; (ii) is known and has been reduced to tangible form by the receiving party before the time of disclosure for the first time under this contract and without other obligations of confidentiality; (iii) is independently developed without the use of any of supplier confidential information; (iv) is lawfully obtained from a third party (without any confidentiality obligation) who has the right to make such disclosure or (v) pricing provided to the state. In addition, the obligations in this section shall not apply to the extent that the applicable law or regulation requires disclosure of supplier confidential information, provided that the customer provides reasonable written notice, pursuant to contract notice provisions, to the supplier so that the supplier may promptly seek a protective order or other appropriate remedy.

26.6 Failure to Enforce

Failure by the state or a customer at any time to enforce a provision of or exercise a right under the contract shall not be construed as a waiver of any such provision. Such failure to enforce or exercise shall not affect the validity of any contract document, or any part thereof, or the right of the state or a customer to enforce any provision of or exercise any right under the contract at any time in accordance with its terms. Likewise, a waiver of a breach of any provision of a contract document shall not affect or waive a subsequent breach of the same provision or a breach of any other provision in the contract.

26.7 Mutual Responsibilities

- A.** No party to the contract grants the other the right to use any trademarks, trade names, other designations in any promotion or publication without express written consent by the other party.
- B.** The contract is a nonexclusive contract, and each party is free to enter into similar agreements with others.
- C.** The customer and supplier each grant the other only the licenses and rights specified in the contract and all other rights and interests are expressly reserved.
- D.** The customer and supplier shall reasonably cooperate with each other and any supplier to which the provision of a product and/or service under the contract may be transitioned after termination or expiration of the contract.
- E.** Except as otherwise set forth herein, where approval, acceptance, consent or similar action by a party is required under the contract, such action shall not be unreasonably delayed or withheld.

26.8 Invalid Term or Condition

To the extent any term or condition in the contract conflicts with a compulsory applicable state or United States law or regulation, such contract term or condition is void and unenforceable. By executing any contract document which contains a conflicting term or condition, no representation or warranty is made regarding the enforceability of such term or condition. Likewise, any applicable state or federal law or regulation which conflicts with the contract or any nonconflicting applicable state or federal law or regulation is not waived.

26.9 Severability

If any provision of a contract document or the application of any term or condition to any party or circumstances is held invalid or unenforceable for any reason, the remaining provisions shall continue to be valid and enforceable and the application of such provision to other parties or circumstances shall remain valid and in full force and effect. If a court finds that any provision of this contract is invalid or unenforceable, but that by limiting such provision it would become valid and enforceable, then such provision shall be deemed to be written, construed, and enforced as so limited.

26.10 Section Headings

The headings used in any contract document are for convenience only and do not constitute terms of the contract.

26.11 Sovereign Immunity

Notwithstanding any provision in the contract, the contract is entered into subject to the state's constitution, statutes, common law, regulations, and the doctrine of sovereign immunity, none of which are waived by the state nor any other right or defense available to the state.

26.12 Survival

As applicable, performance under all license, subscription, service agreements, statements of work, transition plans and other similar contract documents entered into between the parties under the terms of the contract shall survive contract expiration. Additionally, rights and obligations under the contract which by their nature should survive including, without limitation, certain payment obligations invoiced prior to expiration or termination; confidentiality obligations; security incident and data breach obligations and indemnification obligations, remain in effect after expiration or termination of the contract.

26.13 Entire Agreement

The contract documents taken together as a whole constitute the entire agreement between the parties. No statement, promise, condition, understanding, inducement or representation, oral or written, expressed or implied, which is not contained in a contract document shall be binding or valid. The supplier's representations and certifications, including any completed electronically, are incorporated by reference into the contract.

26.14 Gratuities

The contract may be immediately terminated, in whole or in part, by written notice if it is determined that the supplier, its employee, agent, or another representative violated any federal, state or local law, rule or ordinance by offering or giving a gratuity to any state employee directly involved in the contract. In addition, suspension or debarment of the supplier may result from such a violation.

26.15 Import/Export Controls

Neither party will use, distribute, transfer or transmit any equipment, services, software or technical information provided under the contract (even if incorporated into other products) except in compliance with all applicable import and export laws, conventions and regulations.

You must submit a Certification for Competitive Bid and Contract along with the response to the solicitation.
